ABOUT

ASSOCHAM India is organising a 3-day Health & Pharma Summit & Expo, 2018 on Healthy India: Vision 2030, Transforming India's Health Systems to identify and explore innovations and advances in various fields of healthcare, medical equipment and pharmaceuticals.

HIPEX 2018 will help to improve universal access to health & medicine within the framework of developing business models, supporting organizations, fostering partnerships, and exploring opportunities.

The event will help professionals, entrepreneurs, industry players, Pharma units, including bio-pharmaceuticals, bio-services, bio-industry, investors and global institutions to collaborate for taking advantage of the latest innovations and advances.

The summit will make an effort to identify steps for improving the healthcare scenario by learning from international and domestic case studies to address the challenge on the way. The summit will also explore how public private partnerships can enhance the quality of healthcare, and therefore life in India.

OBJECTIVES OF THE SUMMIT

- To suggest approaches for achieving global standards of healthcare & pharma across the country
- To converge all stakeholders on one platform and arrive at standard solutions on a variety of issues
- To facilitate sharing of knowledge and best practices
- To make aware the pharma industries to meet the global challenges
- To facilitate drug surveillance
- To create awareness and interface with innovative healthcare practices, quality assurance mechanisms and marketing concepts
- To provide a unique and common platform to network and collaborate
- To recognize excellence in healthcare delivery
